Things to Keep in Mind:

- Rogers Environmental Education Center is operated and run by the Friends of Rogers, a non-profit organization. We depend on private funds to remain open and active.
- There is no food or drink for sale.
- You may not feed wildlife (except Trout Pond fish with food provided).
- Be sure to prepare for the weather, some activities are outdoors.
- You are responsible for cleaning the space after the party.
- Adults are responsible for the behavior and discipline of the children during the party.
- Try to avoid helium balloons, they are very prone to getting away and polluting. If you use them, be very careful they do not escape
- Please minimize the amount of waste created and packaging used. You may use our reusable cups, plates and silverware, or bring your own.

Guided Nature Programs

Furs and Skulls: Ages 4+

Party goers get a hands on experience with our mammal collection. They will have fun figuring out what the animals are, what it eats, and where it lives. Our collection of mammals ranges from a least weasel to a black bear!

Tracks and Traces: Ages 5+

Wildlife is all around us without ever being seen. Luckily, they leave many clues to their activities if you know what to look for. Take a hike to look for scat, chew sign, nests, and holes on our trails.

Wildlife Games: Ages 7+

Enjoy a variety of nature themed games where you are the playing pieces. Our games include Pond Jenga, Oh Deer, Quick Frozen Critters and so much more!

Fairy Houses: Ages 3-5

Imagination is the key for building fairy houses! Party goers will learn about fairy house then go out and build their own using the natural elements. The fairies who make their home in the woods around Rogers will love the houses left behind.

Feathered Friends: Ages 7+

Our Bird Cabin is home to a collection of bird mounts that range in size from a humming bird to a great blue heron.

Explore the cabin as we figure out how their different adaptations help them survive in a variety of habitats.

Snowshoe Hike: Ages 8+

We will take a walk through the forest on top of the snow and explore what winter has to offer while we observe how animals adapt for the season. Snow shoes for party members are included. (Please give an alternative option, in case there is not enough snow)

Want even more?

Add an additional 45-minute naturalist-led program to parties! (limited to one per party)
