

# Know the Forest from the Trees

## Learning Lecture

Trees are all different, when you get to know them. SUNY Morrisville's Rebecca Hargrave will teach you to distinguish tree species. Learn how to use leaves, bark, fruits, shape, smell, and more to identify trees.

Once each tree's unique beauty is uncovered, you will never miss the forest from the trees again! Test your new skills on the tree ID EdVenture Saturday, December 8th.
